## The Easter Story

So you thought that Easter is all about yummy chocolate eggs and cut little chicks and bunnies?

Read on to find out what it is really about...

Easter is the most important festival in the Christian calendar. It celebrates the resurrection from the dead of Jesus, three days after he was crucified. The Easter Story is at the heart of Christianity.

After Jesus was crucified on the Friday (now known as Good Friday), his body was taken down from the cross and buried in a cave tomb. The tomb was guarded by Roman soldiers and an enormous stone was put over the entrance, so that no-one could steal the body.

On the Sunday, some of Jesus' disciples (friends) visited the tomb and found that the stone had been moved, and that Jesus' body had gone. Jesus himself was seen that day by a number of his disciples, and for forty days afterwards by many people. His followers realised that God had raised Jesus from the dead. Christians remember this amazing event on Easter Sunday.

Easter is a time of great celebration. So what about those eggs, chicks and bunnies? Well, the hollow chocolate eggs can remind us of the empty tomb - empty because Jesus rose from the dead. Chicks and bunnies speak about new life - the new life that Jesus offers.
